

INSTITUTE FOR ENERGY LAW
of
THE CENTER FOR AMERICAN AND INTERNATIONAL LAW

The Institute for Energy Law (IEL) provides advanced legal education and exceptional professional opportunities for lawyers and other professionals in the energy industry. Through its programs, publications and membership activities, the Institute offers an important forum on contemporary issues affecting the industry. Since 1949, the Institute's record of achievements has been aided by the participation and support of many of the world's leading companies, lawyers, and energy professionals.

WHY BECOME A MEMBER?

Members are entitled to serve or to appoint one or more persons to serve on the Institute's Advisory Board, depending on the membership level. Advisory Board members are entitled to tuition-free attendance at the **Annual Oil & Gas Law Conference** and discounted attendance at all other Institute programs. Advisory Board members also receive discounts on all Institute publications. Advisory Board members also have the opportunity to participate in the work of the Institute's practice committees and a variety of free professional and social membership activities.

THE ADVISORY BOARD

The work of the IEL is done primarily through its Advisory Board and committees. The Advisory Board and its committees meet for business and social activities each February in connection with the Annual Oil & Gas Law Conference. Other committee and conference planning activities occur throughout the year.

Other special events include the John Rogers Award Dinner and the Deans of Oil and Gas Lecture Luncheon, presented during the Annual Oil & Gas Law Conference, and the Special Achievement in Energy Litigation Award Luncheon during the Annual Energy Litigation Conference.

PROGRAMS AND PUBLICATIONS

Each year the Institute for Energy Law offers its two-day **Annual Oil & Gas Law Conference**, which was first presented in 1949 and is now the oldest continuing oil and gas legal education program in the country. Other programs customarily presented annually include an **Energy Litigation Conference**; **Oilfield Services Law Conference**; **Law of Shale Plays Conference**; **Midstream Oil and Gas Law Conference**; **Merger, Acquisition and Divestiture Conference**; regional **Young Energy Professional General Counsel Forums**; and a variety of committee CLE programs. In addition, the Institute co-hosts numerous additional conferences. For a complete calendar of IEL programs, please visit our website at www.cailaw.org/iel.

The Institute for Energy Law publishes a bi-monthly e-newsletter, **The Energy Law Advisor**, and maintains a digital library of past conference papers, training modules on key fundamentals of energy law practice for in-house use by members and others, and, with LexisNexis Matthew Bender, the **Oil and Gas Reporter** (since 1952) and the **Proceedings of the Institute on Oil and Gas Law** (since 1949).

YOUNG ENERGY PROFESSIONALS

The Institute encourages the participation of young lawyers and other professionals under the age of 40. There are a variety of ways for young professionals to join the Institute: by joining individually as an Associate Member and thus joining the Advisory Board; by designation to the Advisory Board by his or her member employer; or by joining individually as a Young Energy Professional Member. Each option entitles young professionals to participate in all programs and other activities of the Institute's Young Energy Professionals Committee (YEP), including the annual **YEP General Counsel Forum**, committee meetings, and periodic *luncheon* and *breakfast CLE* programs. In addition, YEP Members receive the discounted conference registration rate paid by employees of sustaining and supporting members.

FOR MORE INFORMATION

Whatever membership option suits you or your organization best, you will find that the monetary cost of membership in the IEL is far outweighed by the financial, educational and professional benefits received. For more information, please see the full description of membership levels and benefits on the following page and visit the IEL online at www.cailaw.org/iel.

INSTITUTE FOR ENERGY LAW
